We still have quite a few T- shirts and a couple of blankets left. We will use them

as prizes at the Halloween party. LaNell will pick up 5 prizes for the custom parade.

Carol will contact the school for help with the games.

We will have mini donuts on a string instead of an apple. The apple will go into their gift bags.

Clem-hot dogs & drink, Curt-chips. __cookies, candy, apples, etc.

Treats for Troops-try to contact Josh Henricks, National Guard, or some Veteran to sit at table.

If teachers won't be able to help; we will need to supply the games & workers.

Pastor Riggle will contact Luther Crest Camp to exhibit animals & reptiles.

Skip—set up donation cans around town.

For our Miltona Days, Suggestion: send an invite to the guy with the smoker, so if interested, he could get a food permit and would also get on the advertisement poster.

The firemen would like to turn the beer sales over to the Liquor Store for next year, as they do not have enough help.

A possibility of doing a directory again was brought up for further discussions.

Church Service Suggestion for next year- at the Pavilion, or at the School. **A new** suggestion for the church service was to use the Community Ctr. (All depends on the firemen if they will still be having the waffle feed there on Sunday.)

Marcia printed out a list of all the people on our email list. Had list at meeting.

(Old mufflers never die, they just get exhausted)

NEXT MEETING, OCT 15th -7:00 a.m. Community Center

Respectfully submitted, Marcia Luedeke-Secretary
